

Hassan Ahmed Bahathiq

✉ hassan2030b@gmail.com ☎ +966 538695465 🌐 hassandld.github.io 🌐 linkedin.com/in/bahathiq

Cybersecurity graduate with hands-on experience in **Governance, Risk & Compliance (GRC), Security Operations, and Identity & Access Management (IAM)**. Experienced through internships at **Salla and Makkah Municipality**, supporting risk assessments, security operations, incident response, SIEM deployment, compliance initiatives, and cloud security controls. **Proven leadership** experience through leading university technology communities and managing large-scale technology events. Passionate about **building secure, scalable systems** and helping organizations strengthen their **cybersecurity posture**.

EDUCATION

Bachelor of Cybersecurity - Computer science, Umm AL-Qura university

2022 – 2026

GPA: 3.79 out of 4

PROFESSIONAL EXPERIENCE

Cybersecurity engineer - internship, SALLA e-commerce 🌐

06/25 – 08/25

- Conducted NCA-aligned risk assessments and developed security policies, IR procedures, and BCP documentation.
- Deployed Wazuh SIEM and implemented Cloudflare WAF controls to strengthen security monitoring and web protection.
- Supported secure coding reviews and security awareness initiatives.

Makkah

Cyber Threat Hunter – COOP, Makkah Municipality 🌐

03/2025 – 07/2025

- Performed threat hunting and security monitoring using SIEM solutions.
- Investigated phishing incidents and supported incident response activities.
- Assisted in risk assessments and awareness programs aligned with NCA requirements.

Makkah

Planning & PMO Specialist - Planning & Projects Dept., Rehlat W manafe - Ashraqat 🌐

04/2025 – 07/2025

- Supported risk management and compliance initiatives aligned with organizational and regulatory requirements.
- Developed and monitored operational KPIs during the Hajj season to measure performance and service effectiveness.
- Built dashboards and executive reports to support strategic planning and data-driven decision-making.

Makkah

Associate Project Manager (Scrum Master), Alborhan Association - Part-time 🌐

04/2025 – Present

- Facilitated Agile workflows and Scrum activities for technology projects.
- Improved team coordination and project delivery efficiency.

online, Riyadh

President of UQU Computing Club, UQU Computing club 🌐

2024 – 2025

- Led governance and strategic initiatives for the university's largest community.
- Organized flagship technology events including TechProTalk and Entrepreneurship Week.
- Managed multidisciplinary teams and initiatives reaching 500+ students, fostering technical growth and industry engagement.

Makkah

Head of KEPTAR tech community, Keptar - awontech 🌐

2024 – 2026

- Led community-driven technology initiatives aligned with Saudi Vision 2030, advancing digital awareness and innovation.
- Organized technical programs and content campaigns highlighting Saudi technology, innovation, and entrepreneurship.

Makkah

PROJECTS

Muwahhad – Unified Identity & Access Management Platform, Gradation project

- Led development of Muwahhad, a unified IAM platform for centralized identity and access management.
- Implemented SSO, MFA, RBAC, provisioning, and user lifecycle management using Keycloak.
- Developed governance workflows for access requests, approvals, onboarding, offboarding, and role management.
- Applied STRIDE threat modeling and presented the project in partnership with Salla.

CERTIFICATES

- eJPT – Penetration Testing, Vulnerability Assessment & Ethical Hacking
- NCA–KAUST Cybersecurity Program – Advanced Cybersecurity Training
- Kaspersky Cybersecurity Program – Cyber Defense, Threat Analysis & Security Practices
- Misk Skills – Cybersecurity Incident Response & Nonprofit Project Management

- ISC2 CC – Security Architecture, Governance Risk & Compliance (GRC), Identity Management
- McKinsey Forward Program – Leadership, Problem Solving & Strategic Thinking
- ISC2 Cybersecurity Specialization – Access Control, Network & Cloud Security, Cryptography & Incident Response (Coursera)

AWARDS

Jahiziyah Excellence Badge – Awarded for outstanding performance in the Cybersecurity Readiness Assessment 🌐 ,
Education & Training Evaluation Commission (ETEC) & National Cybersecurity Authority (NCA)

2026

Dean's Honor List for Extracurricular Activities 🌐 , UQU computing College

06/2024

Participant in BLACKHAT MEA CTF finals, BHMEA - SAFCSF

2024

4th place winner in NASA SPACE-APPS challenge 🌐 , NASA - UQU

10/2023

‘PREDICTION OF NATURAL RESOURCES BASED ON GEOSPATIAL‘ project.

SKILLS

Security Operations: (SIEM, Wazuh, Splunk, Threat Hunting, Incident Response, Security Monitoring, MITRE ATT&CK) | **Governance, Risk & Compliance (GRC):** (Risk Assessment, NCA ECC, Security Policies, Compliance, Security Awareness, Business Continuity Planning (BCP)) | **Identity & Access Management (IAM):** (Keycloak, SSO, MFA, RBAC, Identity Governance, Access Management, User Lifecycle Management) | **Security Testing:** (Vulnerability Assessment, Burp Suite, Metasploit, OWASP Top 10) | **Programming:** (Python, Java, PHP, JavaScript, SQL, HTML, CSS) | **Platforms & Technologies:** (Linux, Docker, Elasticsearch, Kibana, Cloudflare WAF, Wireshark, Power BI, GDB, DataHub) | **Professional Skills:** (Project Management, Agile & Scrum, Leadership, Teamwork, Communication, Stakeholder Management, Problem Solving, Presentation Skills, Strategic Planning) | **Business & Productivity Tools:** (Microsoft Word, Excel, PowerPoint, Power BI)
